

Toronto Stroke Networks Virtual Community of Practice (TSNs VCoP)

The TSNs, North & East GTA Stroke Network, South East Toronto Stroke Network, and Toronto West Stroke Network have launched [**a new interactive website for all health professionals who work, conduct research, or teach within the area of stroke care**](#). This website, called the TSNs VCoP, focuses on the domain of stroke care and the practice of improving stroke care. By having access to networking opportunities and resources, this website will enhance individual practices and improve stroke care.
